

Compliance status

Rothschild Martin Maurel is committed to making its websites, intranets, extranets and software applications accessible in accordance with Article 47 of Law No. 2005-102 of 11 February 2005.

This accessibility statement applies to <https://rmm-uat1.espace-prive.com/>

This website is not compliant with the Référentiel général d'amélioration de l'accessibilité (RGAA – French General Accessibility Improvement Framework), version 4.1.2, due to the instances of non-compliance listed below.

Test results

The RGAA version 4.1.2 compliance audit conducted in June 2026 by Welcome Max found that, for the sample tested:

The overall compliance rate is 38%.

This rate is calculated by dividing the number of criteria met by the number of applicable criteria.

Non-accessible content

List of non-compliant criteria:

- 1.1 Not all images conveying information have a text alternative
- 1.2 Decorative images are not properly ignored by assistive technologies
- 2.1 Not every frame has a title
- 3.2 On each web page, the contrast between the text colour and its background colour is not always sufficiently high
- 3.3 On each web page, the colours used in user interface components do not provide sufficient contrast
- 5.1 On the securities accounts page, complex tables do not have a summary
- 5.4 Not every table has an explicit title
- 5.6 Not every data table, column header and row header is correctly marked up
- 5.7 Not every data table uses the appropriate techniques to associate each cell with its headers
- 6.1 Some links do not make their purpose clear
- 7.1 Some scripts are not compatible with assistive technologies
- 7.3 Some scripts cannot be controlled using a keyboard or any pointing device

- 7.4 Some changes of context are not announced to users
- 7.5 On each web page, status messages are not correctly conveyed by assistive technologies
- 8.2 The generated source code does not validate
- 8.6 For web pages that have a page title, the title is not always relevant
- 8.7 Some changes in language are not identified
- 9.1 Information is not correctly structured using headings
- 9.2 On each web page, the document structure is not always consistent (presence of header, main and footer elements)
- 9.3 On each web page, not every list is correctly structured
- 10.2 and 10.3 Some information is no longer visible or understandable when style sheets are disabled
- 10.4 On each web page, text is not always readable when the text size is increased to at least 200%
- 10.7 The focus indicator is not visible on some elements
- 10.8 Some hidden content is not ignored by assistive technologies
- 11.1 Some form fields do not have labels
- 11.2 Not every label associated with a form field is relevant
- 11.4 In each form, not every field label is positioned next to its associated field
- 11.5 and 11.6 Fields of the same type are not grouped together and do not have legends
- 11.10 Input error checking is not used appropriately
- 11.11 In each form, input error checking is not accompanied by suggestions to help users correct input errors
- 12.6 Content regions appearing on multiple web pages cannot be bypassed
- 12.7 There is no skip link providing quick access to the main content region
- 12.8 The tab order is not consistent
- 12.9 Navigation contains keyboard traps
- 13.1 Users do not have control over each time limit
- 13.2 Some windows open without users being warned in advance
- 13.3 Office documents are not accessible
- 13.4 Cryptic content does not have an alternative

This statement was prepared on 26 May 2026.

Technologies used to build the website:

- HTML5

- SVG
- ARIA
- CSS
- JavaScript

Test environment

The tests were conducted using the following combinations of web browser and screen reader:

- Chrome and TalkBack on Android
- Mozilla and Microsoft Edge on Android

Accessibility evaluation tools

- Colour Contrast Analyser
- Contrast Finder
- Headings Map
- WAVE Evaluation Tool
- ARC Toolkit
- Developer tools

Website pages included in the compliance audit

- Home page (Summary)
- Site-wide elements (navigation menus, cookies, etc.)
- Login journey
- Authentication page
- Deposit account journey – summary view and account view
- Securities account page – account view
- Bank card page
- Bank transfer journey
- My transfers page
- Chequebook stop request journey
- Download bank account details (RIB) journey
- Documents
- My profile: Manage notifications
- Information
