Rothschild & Co appoints a further senior client adviser to its Wealth Management business in Spain

Rothschild & Co's Wealth Management business in Spain continues to grow steadily. Javier Galindo Hormigos joins with immediate effect to meet increasing demand from clients.

Rothschild & Co's Wealth Management business has hired Javier Galindo Hormigos as a Senior Client Adviser to meet the needs of its expanding wealth management client base in Spain as the business grows. He has over 30 years' experience in the finance industry and joins from Banca March, where he worked as a Director for the last eight years, with a focus on wealthy families and entrepreneurs.

Rothschild & Co's Wealth Management business in Spain provides independent advice, discretionary investment management and advisory services to UHNW families, entrepreneurs, charities and foundations. The Wealth Management business launched in Madrid in 2021, in line with Rothschild & Co's strategy to invest in markets where it has an established network and reputation. Since launch, it has succeeded in increasing the company's presence and broadening its offering to both existing and prospective clients in Spain, working closely with its Global Advisory business, which has been established in Madrid since 1988.

Hugo Martin, country head for Rothschild & Co's Wealth Management business in Spain, says: *"We are extremely pleased with our steady growth trajectory and increasing interest from clients as we build our business on the ground in Spain. This growth has enabled us to expand our team once more with the hire of Javier. We are convinced that with his long-standing experience and proven track-record, he will make a significant contribution to our business in Spain by supporting our existing clients and attracting new ones."*

Prior to his most recent role at Banca March, Javier Galindo Hormigos was a Director of the High Net Worth unit at Bankinter (2003-2016) and before that held various roles at JP Morgan Chase, Chemical Bank and Chase Manhattan. He holds a degree in Economics and Business Administration of the Universidad Complutense de Madrid and a Master's Degree from ESIC Business & Marketing School.
